

## Middle School Graphics Contest: Environmental Stewardship

Henderson County is committed to Environmental Stewardship. This year, Henderson County is conducting its first annual Environmental Stewardship Contest. This Contest is opened to all Henderson County Middle School Students. The purpose of this contest is to inspire students to think about their role in protecting our valuable natural resources in Henderson County and in our world. Teachers may also use this theme to discuss environmental issues such as recycling, energy management, air quality, water quality, and protection of the natural environment. The winner of the contest will receive ten (10) recycling bins for his or her school and his or her art will be displayed on the back of the Henderson County Recycling Truck. The winner of the contest will be chosen on April 1, 2010 just in time to celebrate the 40<sup>th</sup> anniversary of Earth Day on April 22.

Existing Graphics on Henderson County Recycling Truck
